DETAILED ACTION

Allowable Subject Matter

1. Claims 5-6, 9, 11, and 17-19 are allowed.
2. The following is an examiner's statement of reasons for allowance: claims 5 and 19 of the invention as claimed are not shown in the prior art especially with regard to a packaging method for a hollow cathode (i.e. cup-shaped) sputter target and having a rigid, flat cover installed of a size capable of covering a void of said hollow cathode sputter target, providing one or more through-holes to said cover, placing a resin bag over said cover and through-holes, and performing vacuum suction to an inside of said resin bag. While the Prior Art of Tanaka et al teaches a protector for a planar sputter target, Tanaka et al fails to teach using a protective, flat cover having one or more through-holes for protecting a void of a hollow cathode (i.e. cup-shaped) sputter target, therefore these components have not been arranged in the claimed manner nor is there motivation as to why one of ordinary skill in the art would arrange these components in the claimed manner to protect a hollow cathode sputtering target.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
